

## Quality statement

### Business Aim

Ultimate id aims to care for each customer as an individual, offering tailored ideas and solutions to our customers needs.

The company strives to get it right; first time, every time.

### Flexible Working

Ultimate id workforce stand united in offering our customers quality products and service. Our flexible Working system creates better production, higher quality and more control over dead lines.

### Technology

Ultimate id is constantly moving with the times to ensure the highest quality results.

We use the latest up-to-date machinery and techniques coupled with years of experience.

### Environment

Ultimate id is a small family run business .We pride ourselves on closely monitoring our emissions and reducing waste.

Packaging is re-used wherever possible, as we believe our quality is in our garments and embroidery not the packaging.

### Business Goal

Ultimate id's goal is to build long- term relationships with customers and to provide quality clothing at competitive prices and expand our business on the back of our work quality and customer care.
